SAFETY DATA SHEET

Section 1 Identification: Product identifier and chemical identity

Product Identifier: ADVION ANT GEL

Other Means of Identification: Proper shipping name: Pesticide Liquid Toxic, N.O.S.

(indoxacarb)

Applicable only for marine and air transport

Product code: A20377A

Recommended Use: For the control of Ants

Company Details: Syngenta Australia Pty Ltd

ABN 33 002 933 717

Address: Level 1, 2-4 Lyonpark Road

Macquarie Park NSW 2113

AUSTRALIA

Telephone Number: (02) 8876 8444

Emergency Telephone Number: 24 hours - 1800 033 111

Section 2: Hazards Identification

Classification of the Hazardous Not classified as hazardous under GHS criteria

Chemical:

Signal Word:

Hazard Statement(s):

Precautionary Statement(s): -

Hazard Symbols: -

Section 3: Composition and information on ingredients

SUBSTANCE

Chemical Identity of Pure Substance: Indoxacarb

Synonym: NOA445432A, B12269781

CAS Number: 173584-44-6

MIXTURE			
Chemical Identity of Ingredients	CAS No	Proportion (% w/w)	
Indoxacarb	173584-44-6	0.05	
Other ingredients determined not to be hazardous	-	to 100

Section 4: First Aid Measures

Description of Necessary In case of poisoning by any exposure route contact a doctor or First Aid Measures: Poisons Information Centre on 131 126. Have the product label or SDS with you when calling or going for treatment. Ingestion: If swallowed, seek medical advice immediately and show this container or label. DO NOT induce vomitina. Rinse immediately with plenty of water, also under Eye contact: the eyelids, for at least 15 minutes. Remove contact lenses. Immediate medical attention is required. **Skin contact:** Take off all contaminated clothing immediately. Wash off immediately with plenty of water. If skin irritation persists, call a doctor. Wash contaminated clothing before re-use. Inhalation: Move the victim to fresh air. If breathing is irregular or

stopped, administer artificial respiration. Keep patient

warm and at rest. Call a doctor or Poison Information

Centre immediately.

Symptoms Caused by Exposure:

No information available

Medical Attention and Special Treatment:

There is no specific antidote available. Treat symptomatically

Section 5: Fire Fighting Measures

Suitable Extinguishing Media:	Small fires Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. Large fires Use alcohol-resistant foam or water spray. DO NOT use a solid water stream as it may scatter and spread fire.
Specific Hazards Arising from the Chemical:	As the product contains combustible organic components, fire will produce dense black smoke containing hazardous products of combustion (see Section 10). Exposure to decomposition products may be a hazard to health.
Special Protective Equipment and Precautions for Fire Fighters:	Wear full protective clothing and self-contained breathing apparatus. DO NOT allow runoff from firefighting to enter drains or water courses. Cool closed containers exposed to fire with water spray.

Section 6: Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures:	 In case of spillage it is important to take all steps necessary to Avoid eye and skin contact Avoid contamination of waterways 		
Methods and Materials for Containment and Clean Up:	Procedure for spill (1) Keep all bystanders away (2) Wear full length clothing and PVC gloves (3) Reposition any leaking containers so as to minimise leakage		

(4) Sweep spilt material into a pile

(5) Shovel into drums

(6) Disposal of material will depend upon the extent of the spill

- For quantities up to 50 kg of product bury in a secure landfill site
- For quantities greater than 50 kg seek advice from the manufacturer (use emergency contact number below) before attempting disposal. Contain in a secure location until disposal method is established
- (7) Decontaminate spill area with detergent and water and rinse with the smallest volume of water practicable

Section 7: Handling and Storage

Precautions for Safe Handling:

Conditions for Safe Storage, Including any Incompatibilities:

Wash hands after use.

Store in the closed, original container in a cool, well ventilated locked place out of the reach of children. DO NOT store in direct sunlight and DO NOT store at temperatures exceeding 35°C.

Section 8: Exposure controls and personal protection

ALWAYS READ AND FOLLOW THE LABEL INSTRUCTIONS AND WARNINGS

National Exposure Standards:	No exposure standard allocated	
Biological Limit Values:	No biological limit allocated	
Engineering Controls:	None specified	
Personal Protective Equipment:	No personal protective equipment is specified, however, avoid contact with skin, eyes and clothing.	

Section 9: Physical and Chemical Properties

Appearance: Off white, opaque gel **Boiling Point/Range:** No Information available Odour: Freezing/Melting Point: No Information available None 7.2 (1% solution in water) pH: Solubility: Specify solvent Vapour Pressure: No Information available 1.2 g/cm3 (25°C) Density: Vapour Density: No Information available

Section 10: Stability and Reactivity

Reactivity: no dangerous reaction known under conditions of normal

use

Chemical Stability: Stable at normal temperatures and storage conditions

Possibility of Hazardous No hazardous reactions by normal handling and storage

Reactions: according to provisions

Conditions to Avoid: Temperatures <3°C. Protect from frost.

Incompatible Materials: None known

Hazardous Decomposition Combustion or thermal decomposition will evolve toxic and

Products: irritant vapours

Page 4 of 6 November 2016

Section 11: Toxicological Information

Health Effects from Likely Routes of Exposure:

Acute: Oral toxicity: LOW TOXICITY

Tests on rats indicate this product has a low toxicity following

single doses of undiluted product

 $LD_{50} = >5,000 \text{ mg/kg}$

Dermal toxicity: LOW TOXICITY

Tests on rats indicate this product has a low toxicity following

skin contact with undiluted product

 $LD_{50} = >5,000 \text{ mg/kg}$

Inhalation: LOW TOXICITY

Tests on rats indicate this product is not harmful due to

inhalation of active ingredient LC_{50} (4 h) = >5.5 mg/L air

Skin irritation: NON IRRITANT

Eye irritation: NON IRRITANT

Sensitisation: NOT A SENSITISER

Chronic: Indoxacarb technical has been extensively tested on laboratory mammals and in

test tube systems. No evidence was obtained of mutagenic or carcinogenic effects. Experiments have shown teratogenic and reproductive effects on laboratory animals.

Section 12: Ecological Information

Ecotoxicity Toxicity to fish: Highly toxic to fish

Rainbow trout (Oncorhynchus mykiss) LC_{50} (96 hours) = 0.65 mg/L

Toxicity to daphnia and other aquatic

Highly toxic to aquatic invertebrates

and other aquatic Water flea ($Daphnia\ magna$) invertebrates: EC_{50} (48 hours) = 0.6 mg/L

Toxicity to algae: Practically non toxic to algae

Duckweed (Lemna gibba)

 EC_{50} (14 days) = >84.3 mg/L

Toxicity to soil

soil No information available

dwelling organisms:

Persistence and

Indoxacarb is not readily biodegradable

Degradability: Indoxacarb is not considered to be persistent (PBT) or very persistent

(vPvB)

Mobility in Soil: Indoxacarb is slightly mobile in soils

Bioaccumulative

Bluegill Sunfish (Lepomis macrochirus) = 950.3 (21 days)

Potential: Indoxacarb is not considered to be bioaccumulating nor toxic (PBT) Indoxacarb is not considered to be very bioaccumulating (vPvB)

Section 13: Disposal Considerations

Disposal Methods: Dispose of empty container by wrapping in paper, placing in

plastic bag and putting in the garbage.

Special Precautions for Incineration Not applicable

or Landfill:

Section 14: Transport Information

LAND TRANSPORT ADG	Not a dangerous good		
UN Number:	None allocated	Packing Group:	None allocated
UN Proper Shipping Name:	None allocated	Special Precautions for User:	None allocated
Transport Hazard Class:	None allocated	Hazchem or Emergency Action Code:	None allocated
Subsidiary Risk:	None allocated		

SEA TRANSPORT IMDG	Not a dangerous good		
UN Number:	None allocated	Subsidiary Risk:	None allocated
UN Proper Shipping Name:	None allocated	Packing Group:	None allocated
Transport Hazard Class:	None allocated	Environmental hazards for Transport Purposes:	None allocated

AIR TRANSPORT ICAO / IATA	Not a dangerous good		
UN Number:	None allocated	Subsidiary Risk:	None allocated
UN Proper Shipping Name:	None allocated	Packing Group:	None allocated
Transport Hazard Class:	None allocated		

Section 15: Regulatory Information

APVMA Product Number: 62690

Poisons Schedule (SUSDP): Schedule 5

Section 16: Other Information

Date of preparation or last revision: November 2016

Source of Data: The information provided in this SDS is sourced from Syngenta internal studies which have been conducted according to Regulatory requirements including OECD and CIPAC Guidelines and EC Directives. A comprehensive package of toxicological and environmental data for the active ingredients of this product has been submitted to the government health and environment authorities and has been evaluated by expert toxicologists and environmental scientists.

Note: This product is a registered agricultural chemical and must, therefore, be used in accordance with the container label directions

CONTACT POINT: Regulatory Affairs Manager, Syngenta Australia Pty Ltd

(02) 8876 8444

24 HOURS EMERGENCY CONTACT: 1800 033 111

This Material Safety Data Sheet summarises our best knowledge of the health and safety hazard information of the product and how to safely handle and use the product in the workplace. Each user should read this SDS and consider the information in the context of how the product will be handled and used in the workplace including in conjunction with other products.

If clarification or further information is needed to ensure that an appropriate risk assessment can be made, the user should contact this company.

DISCLAIMER

This product complies with the specifications in its statutory registration. Implied terms and warranties are excluded. Syngenta's liability for breach of the express or any non-excludable implied warranty is limited to product replacement or purchase price refund. The purchaser must determine suitability for intended purpose and take all proper precautions in the handling, storage and use of the product including those on the label and/or safety data sheet failing which Syngenta shall have no liability.
